

Optimize your crypto portfolio with our regulated liquid products

What We Offer

VIRTUAL ASSET SPOT ETF

Bosera HashKey Bitcoin and Ether Spot ETFs officially launched on HKEX with Two-Way Investment flexibility on 30th April 2024.

Both ETFs topped the asian markets on July 4th with their total AUM surpassing US\$110 million.
Bosera HashKey Bitcoin ETF (3008.HK)
Bosera Hashkey Ether ETF (3009.HK)

PASSIVE FUND

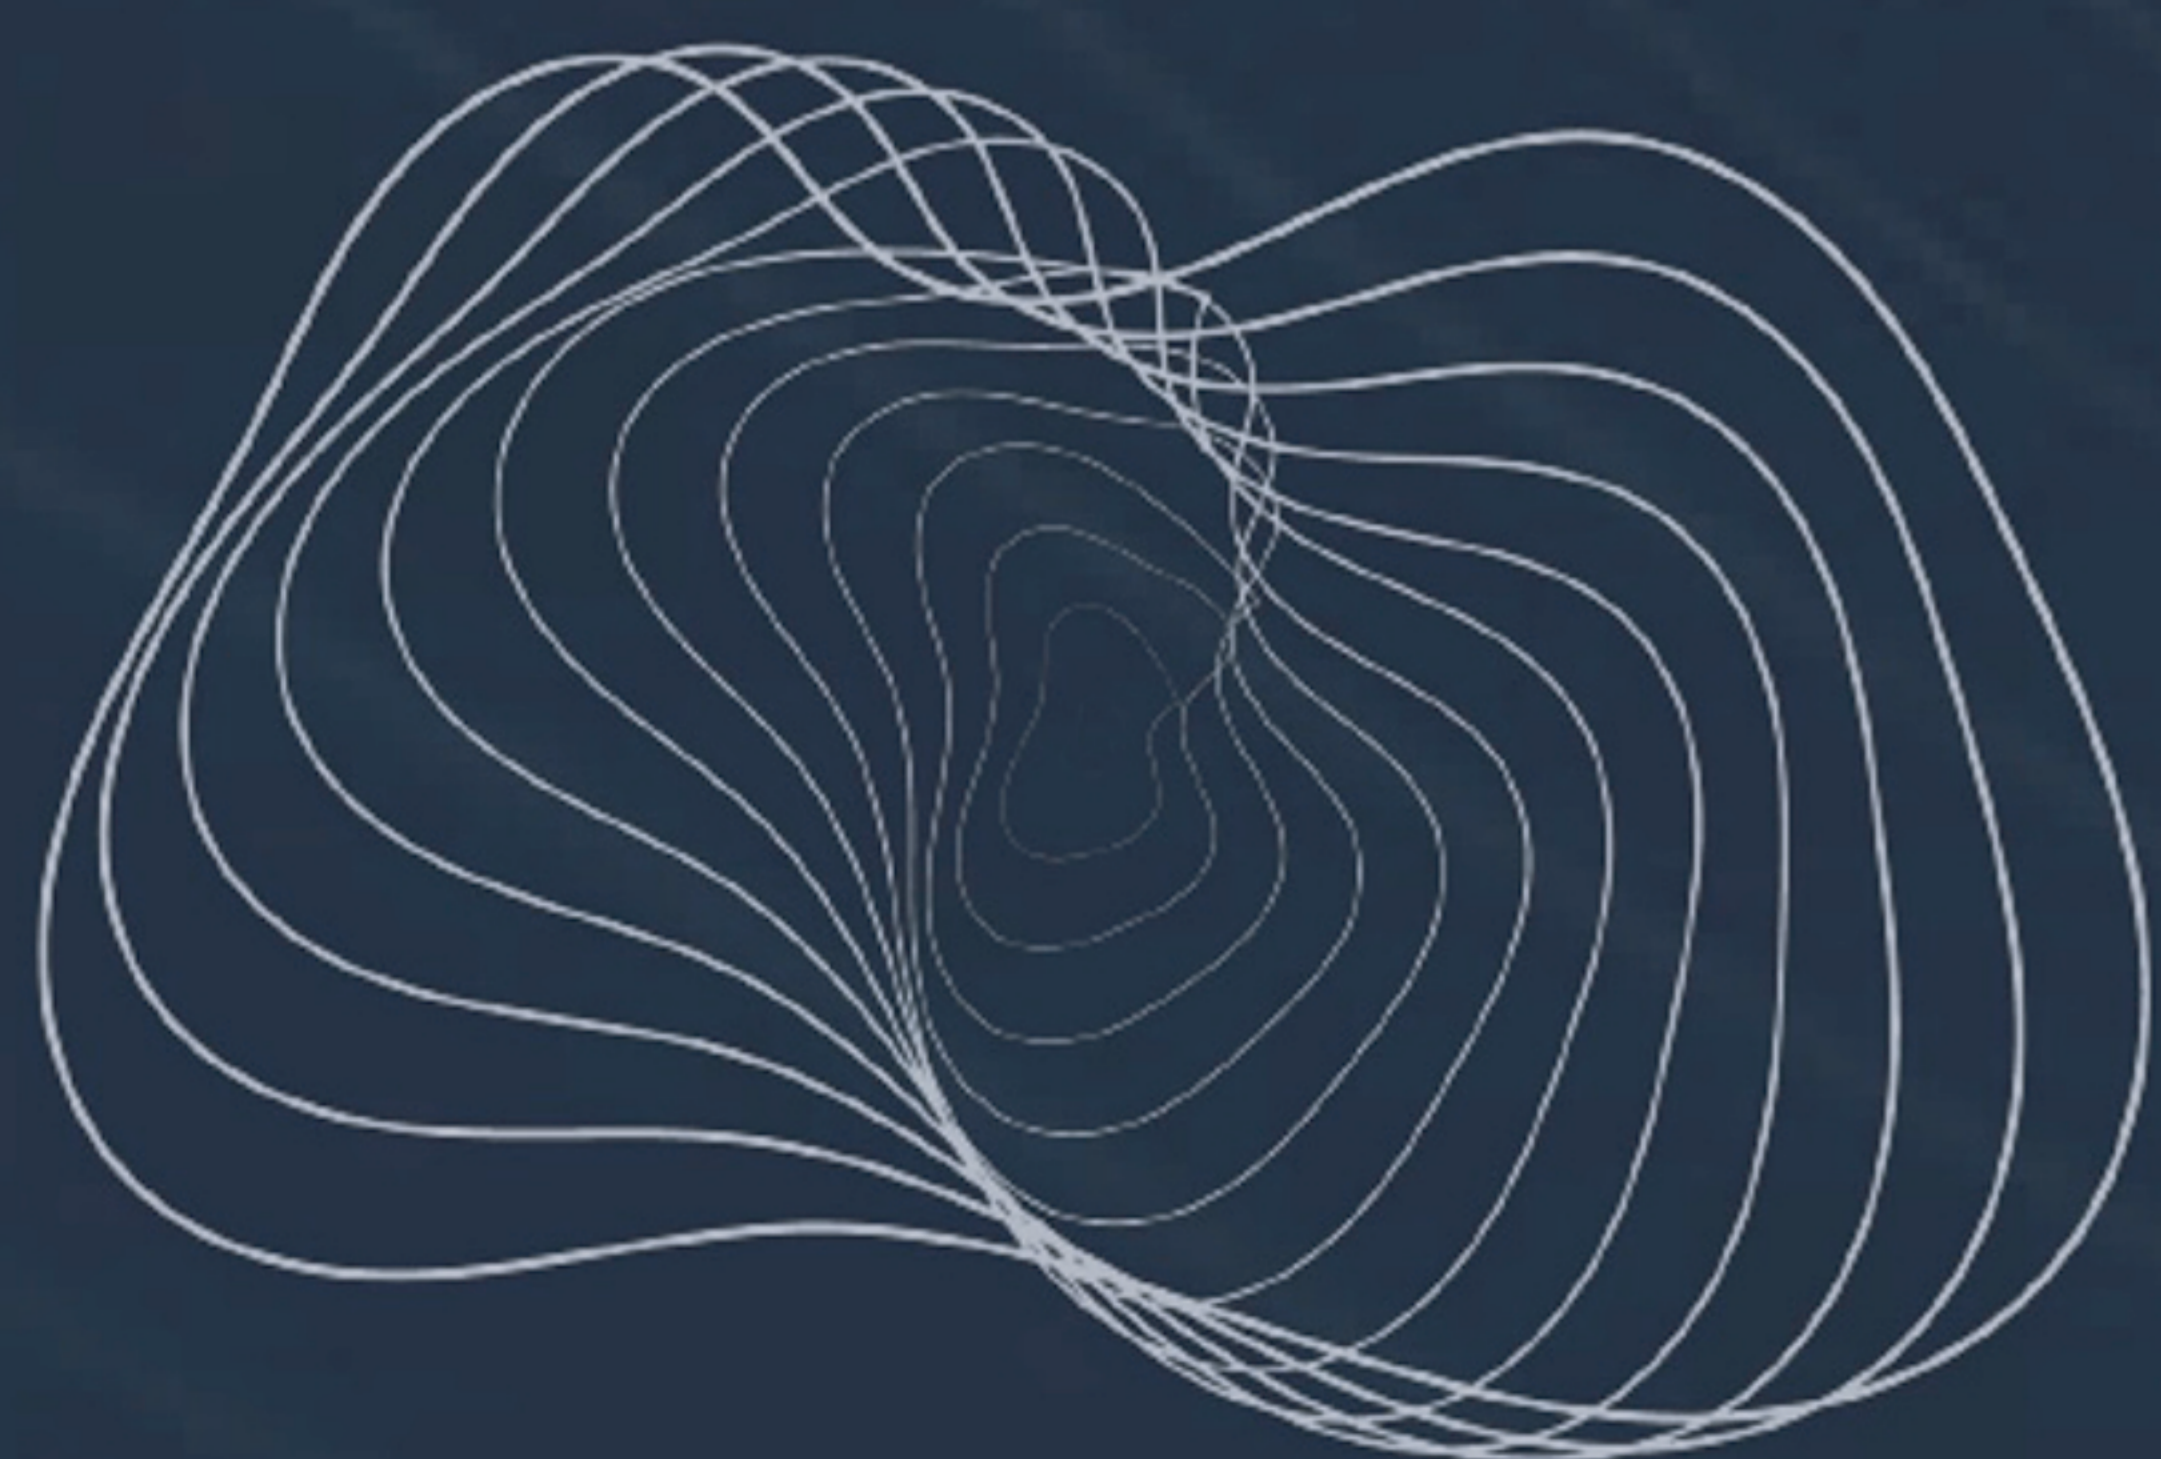

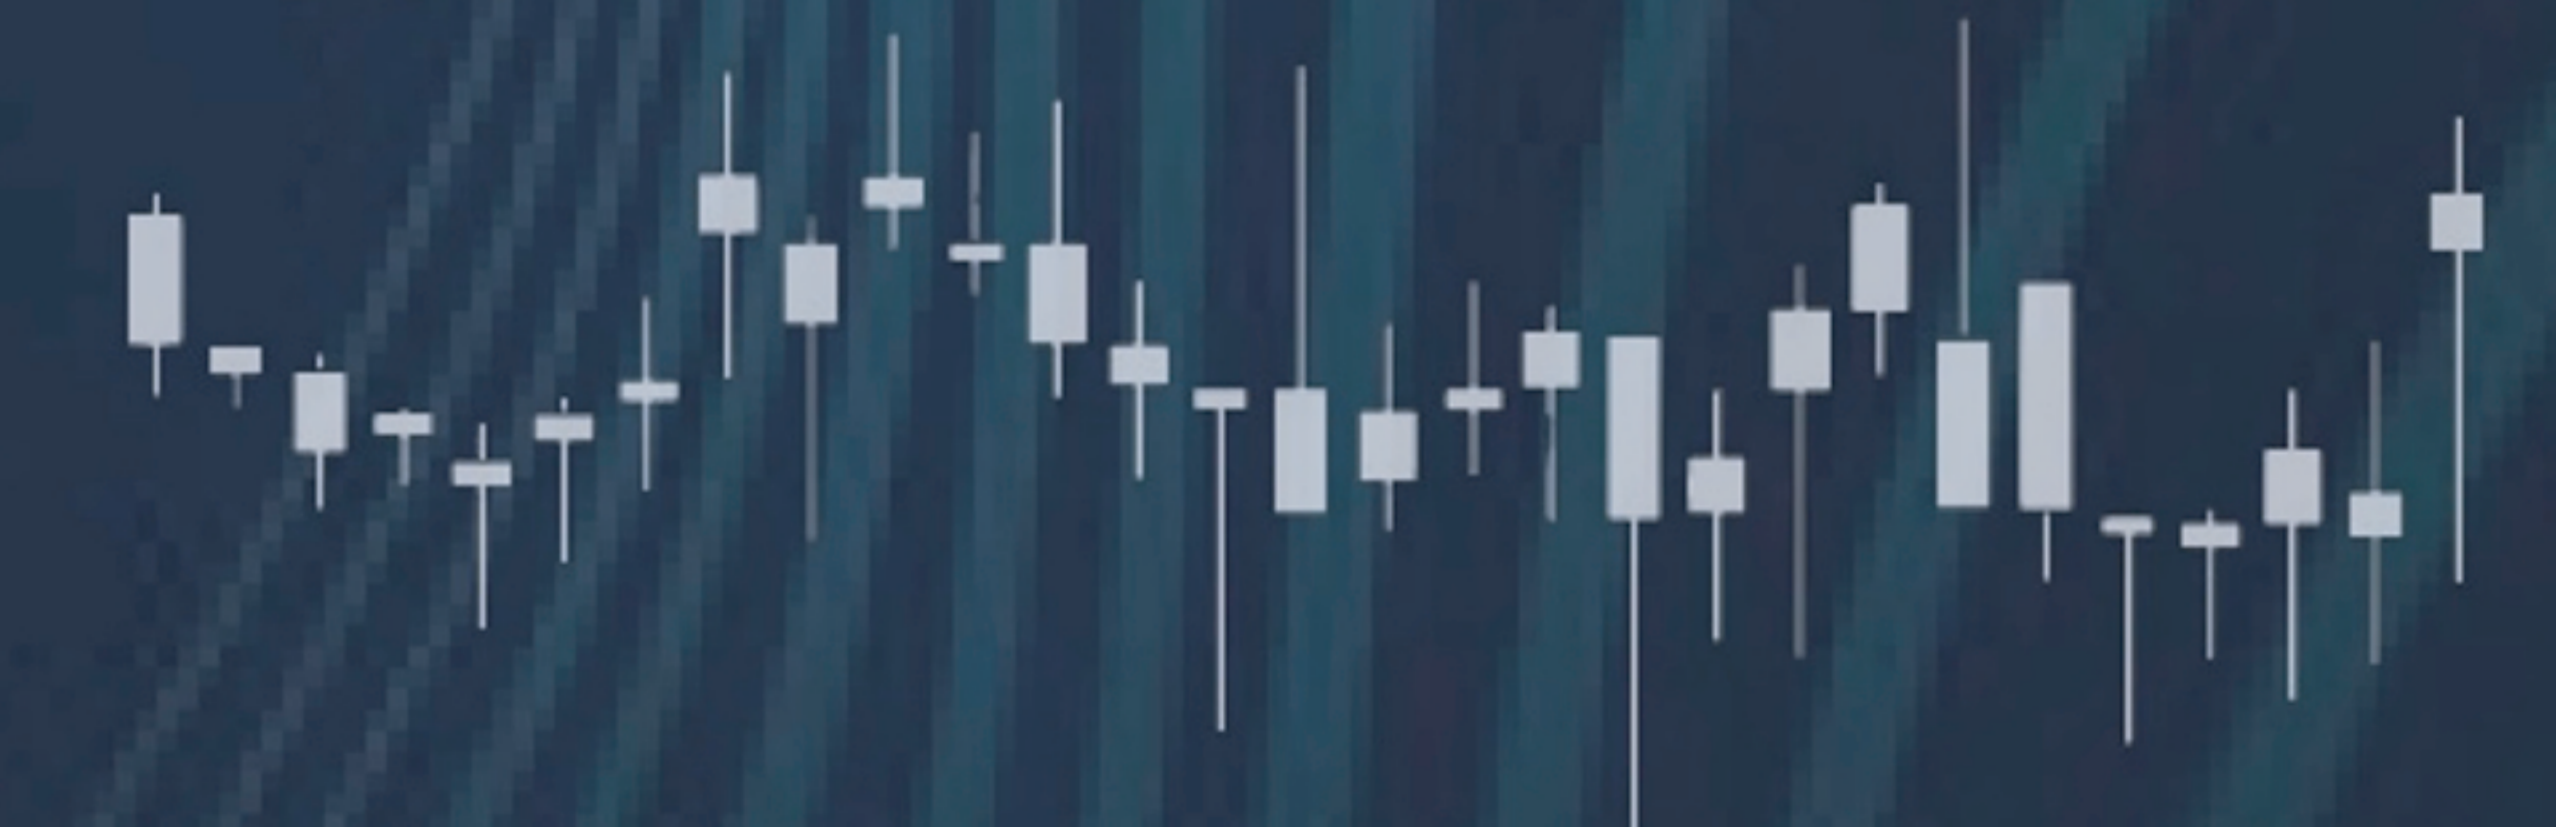

HashKey Capital and FTSE Russell, an LSEG business, have introduced a suite of digital asset indices designed for investors seeking to add exposure to cryptocurrencies in their investment strategies.

FTSE Custom Digital Asset Top 20 Index
FTSE Custom Digital Asset Infrastructure Index
FTSE Custom Digital Asset Application Index

ACTIVE FUND

HashKey Digital Investment Fund was launched on 1st September 2023. This marks our fourth fund launch, utilising the same investment approach from our venture strategies, deployed into liquid tokens.
